

Team Leader – Electrician

We are an international technical service provider. Our DNA is half-Danish and half-Polish. We have been operating in over 40 countries for 16 years, every year carrying out over 300 projects for the industrial sector. Our projects include the largest automatic car park in Scandinavia, the largest data processing center in Europe, and installations for the largest wind farm in the world.

As a part of our team you will be responsible for:

- Managing the team performing works on the project from the technical and organizational side
- Taking care of the quality of works and following and enforcing the health and safety rules
- Cooperation with the onsite customers during implementation of the project
- Managing the team consisting of electricians and mechanics
- Monitoring and reporting work progress to responsible persons
- Control and oversight of qualitative execution of project and ensuring the right progress
- Evaluating situations and taking decisions when problems arise during execution of projects
- Care of proper flow of information in the team
- Sharing knowledge and experience with juniors, regulars and seniors.

You are a good match if you:

- Have experience in team management on the electrical projects
- Speak English fluently
- Have advanced electrical knowledge
- Have a solid experience in assembling and maintaining electrical installations
- Have the Polish Electricians Association certification (SEP) up to 1kV
- Have experience in a managerial position
- Have knowledge of technical documentation and quality requirements
- Have organizational skills and predispositions to manage people
- Have a high sense of responsibility and commitment to the assigned tasks
- Have a driving license B-cat.
- Are willing to take frequent business trips

it is even better if you:

- Have a certificates VCA, DSB, CSCS
- Speak German at a communicative level

We offer:

- Employment contract or cooperation agreement for subcontractors – it's up to you
- Attractive salary aligned to your skills, experience and performance
- Accommodation and transport to the project
- Exciting job in a respected, well-run company at many foreign projects
- Possibility to start work immediately - long-term cooperation
- Private medical care for you and your family after 6 months of employment
- Integration parties, professional training and courses financed by the company
- Necessary, high-quality tools and workwear
- Business laptop and phone

If you are interested in this position, please send us your application (CV + cover letter + relevant references and documentation for education in one PDF file) in an email to job@eryk.com and mark it "Team Leader - Electrician". We reserve the right to contact only selected candidates.
